Operations Update

Alberta

Solo Growth has secured more than 50 retail locations in over 30 communities across Alberta. The Company has applied for Alberta Gaming, Liquor and Cannabis Commission (“AGLC”) licenses for all secured locations. To date, eight development permits have been granted in seven communities (Calgary, Fairview, Lloydminster, Spruce Grove, Stony Plain, Vegreville and Vermillion) and construction has commenced on three retail outlets (Lloydminster, Vegreville and Vermillion). The first three retail locations are targeted to open upon implementation of Bill C-45 on or about October 17, 2018, subject to final licensing approvals. The Company will work diligently with AGLC during the build out process to ensure full compliance with all policies and regulations. After the delivery of first inventory, the stores will open for business.

Solo Growth has well established relationships with contractors and trades in Alberta and is expected to be in a position to open two additional stores by year end with building plans underway on the remaining development permitted locations. Building on the 2018 and 2019 funded capital program and the progress made securing retail locations, the Company believes it is on track to meet its growth target of 25-30 locations by the end of 2019.

Ontario

In Ontario, Solo Growth has entered into an exclusive agreement with Avison Young, a commercial real estate services firm, to identify premier, high-traffic storefront locations across the province. Ontario represents Canada's largest provincial market and Solo Growth is excited at the prospect of bringing its experience and expertise to communities in Ontario to provide a unique adult-recreational cannabis retail experience to both new and experienced consumers. The Company's initial objective is to secure more than 100 locations across the province and will work diligently to have store-fronts ready to open on or about April 1, 2019, concurrent with Ontario's timing to allow privately-run retail stores.

"We are excited by the prospect of capitalizing on the significant identified opportunities in both Alberta and Ontario," said Pali Bedi, President and CEO of Solo Growth. "Being in a position to break ground on our inaugural Alberta locations while establishing a presence in Ontario demonstrates our team's competitive advantage in commercial real estate and regulated industries."
